Renata Maliyetu

Baltimore, MD | maliyeturenata@gmail.com

SUMMARY

Computer Science graduate (B.S., magna cum laude) with a CompTIA Security+ certification. I like solving technical problems, tracking down root causes, and building practical solutions that make systems and processes more reliable. Experience across software development, data management, and information systems.

EDUCATION

University of Maryland, Baltimore County (UMBC) May 2026
B.S. in Computer Science
GPA 3.77 / 4.00 | Magna Cum Laude
Relevant coursework: Operating Systems, Computer Architecture, Computer Organization & Assembly, Data Structures, Algorithms, Discrete Mathematics, Automata Theory, Probability & Statistics

Community College of Baltimore County (CCBC) August 2024
A.A.S. in Computer Science
GPA 3.60 / 4.00
Relevant coursework: C++ Programming, OO Design, Statistics, Calculus I & II, Linear Algebra

EXPERIENCE

LCRR Staff Support, Data Specialist Nov 2026 – Present
WebHawkx | Baltimore County DPWT

- Coordinate information requests and keep organized records by retrieving, documenting, and distributing data to support departmental operations.
- Manage and maintain structured datasets, databases, and digital records through data entry, updates, and processing, keeping data accurate and consistent.
- Use ArcGIS to review, edit, and validate geospatial datasets, including spatial features and attribute data, and correct data discrepancies.
- Use Microsoft Excel and data management tools to organize, track, and analyze information, generate reports, and fulfill data requests.

Warehouse Associate Apr 2023 – Jul 2025
Amazon

- Operated handheld barcode scanners and warehouse technology to scan, track, and sort packages by route and destination.
- Handled high volumes of packages while keeping sorting accurate, workflow efficient, and safety standards met.
- Spotted labeling, routing, and scanning discrepancies and helped resolve processing issues to keep shipments moving accurately.

Administrative Assistant Intern Jun 2022 – Aug 2023
Chesapeake Gateway Chamber of Commerce

- Supported front-office operations: greeted visitors, answered inquiries, and directed people to the right staff or resources.
- Managed incoming communications, organized documentation, and helped with scheduling and appointment coordination.
- Provided day-to-day administrative support, including keeping records, coordinating meetings, and helping prepare for events.
